ASHRAE JOURNAL

Editorial Index for 1961

VOLUME 3 — Names of authors appear in capitals, subject classifications in italics

No. Page

A

A Study of Fluid Flow through Flexible Orifices, R. D. Ulrich, W. E. Fontaine and O. W. Witzell... 10— 63
ACHENBACH, P R., nominated for Director at Large 4— 81
Air Conditioning
Central Residential Air Conditioning Had Big Advance in 1960, G. S. Jones, Jr. ... 2— 97
Development of the Vapor Cycle System for the Boeing 707, E. J. Overmyer ... 12— 39
Elimination of Costly Reheat Is the Key to Added Controllability and Flexibility in Air Conditioning Interior Office Space, David Michaeli and Ava Tinfo ... 5— 41
Heating, Refrigerating, Air Conditioning and Ventilating All Are Essential Functions in Engineering for Pharmaceuticals, W. S. Maxim and E. J. Williams ... 10— 48
Influence of Unshaded Window Area on Selection of Peripheral Air Conditioning Systems, Alfred L. Jaros, Jr. ... 1— 66
Performance Characteristics of Air-Cooled Systems, Boris Kaufman ... 2— 97
See Air Conditioning Symposium, ASHRAE Semiannual Meeting
Air Conditioning Symposium, ASHRAE Semiannual Meeting
For Comfortable, Uniform Environment, Draftless, Variation-Free, Ralph G. Nevins ... 7— 41
Humidity-Control in Residential Air Conditioning Systems, R. L. Signorelli ... 7— 67
Air Cooled Condensing Is Topic of Philadelphia Seminar, Otto J. Nussbaum ... 6— 96
Air Infiltration through Revolving Doors, L. F. Schutrum, N. Ozisik, C. M. Humphreys and J. T. Baker.. 11— 43
ALBRIGHT, LYLE F., see Allen Thieme
American Petroleum Institute
API Research Program to Improve Oil-Fired Equipment ... 1— 78
American Society of Heating, Refrigerating and Air Conditioning Engineers
Amendments to By-laws ... 4— 79
8— 50
15th International Heating and Air Conditioning Exposition—Floor Plan and Exhibitors ... 2— 49
Policy on Travel Expense Reimbursement ... 9— 77
Semiannual Meeting, Chicago, Ill.
Abstracts ... 1— 30
News Report ... 3— 55
68th Annual Meeting, Denver, Colo.
Abstracts ... 6— 49
News Report ... 8— 61
An Instrument for the Measurement of the Humidity of Air, J. D. Wentzel ... 11— 67
An Unusual Hot-Box Cold-Room Facility, W. P. Brown, K. R. Solvason and A. G. Wilson... 10— 73
ANTHONY, ROBERT J., joins JOURNAL staff ... 10— 72
ASHLEY, CARLYLE M., The Nominating Committee, Why It Is Important to Society Members... 4— 59

B

Bagged Insulation, Refrigerant 12 Permanently Sealed in a Laminated Plastics Envelope, Is Quite a Different Concept, Robert A. Bilek ... 6— 75
BAKER, J. T., see L. F. Schutrum
BARKER, P. K., nominated for Director of Region I 4— 81
BILEK, ROBERT A., Bagged Insulation, Refrigerant 12 Permanently Sealed in a Laminated Plastics Envelope, Is Quite a Different Concept (Domestic Refrigerator Engineering Symposium, ASHRAE Semiannual Meeting) ... 6— 75
BIRD, HOMER M., Small Water Quantities and Small Size Pipes Can Provide More Economical MTW Systems (Medium Temperature Water Heating Symposium, ASHRAE Semiannual Meeting) ... 4— 60
BLUM, HAROLD A., see Thomas M. Olcott
BOBERG, JOHN E., see John G. Krisilas
BOGGS, A. T., III, appointed ASHRAE Associate Secretary ... 9— 92
BRICKER, JAMES, Simply Because They Have Not Been Field Tested and Adjusted (Ventilation Symposium, ASHRAE Semiannual Meeting) ... 5— 70
BROWN, EDWARD J., see J. Richard Wright
BROWN, W. P., K. R. Solvason and A. G. Wilson, An Unusual Hot-Box Cold-Room Facility ... 10— 73
BRYAN, W. L., Heat and Mass Transfer in Dehumidifying Surface Coils ... 9— 51
Building Research Institute
At Recent Industry Meetings ... 1— 79
BURKE, J. C., JR., What Primary Requirements Are Needed in Controlling Contamination through Ventilation? (Industrial Ventilation Symposium, ASHRAE 68th Annual Meeting) ... 9— 47
BUSHOUSE, CLAUS J., Degradation of Polyester Film by Alcohols When Used As Additives in Refrigeration Systems ... 9— 61
Bypass Method Simplifies Prediction of Spray Coil Performance with Heated Spray Water, William T. Lyons ... 5— 59

C

Calculated Temperature Rise in Round Ducts, J. Richard Wright and Edward J. Brown ... 7— 59
Calculation of Incident Low Temperature Radiation Upon Building Surfaces, T. S. Holden ... 4— 51
CARLSON, G. F., How to Select Pumps and Apply Pressure Drop Curves for MTW Systems (Medium Temperature Water Heating Symposium, ASHRAE Semiannual Meeting) ... 6— 42
Central Residential Air Conditioning Had Big Advance in 1960, G. S. Jones, Jr. ... 2— 97
COLLINS, S. C., Merits of Gas Liquefying Cycles in Processing and Delivery of Frozen Foods (Food Refrigeration Symposium, ASHRAE 68th Annual Meeting) ... 9— 82
Comment
And What Is Truth? ... 3— 37
As to Matters of Mark-Up ... 12— 37
Beware of the Averages ... 10— 41
Bigger and Better ... 9— 39
Boys Grown Tall ... 2— 47
Let's Go to the Moon ... 8— 39
Nothing Certain But Uncertainty ... 4— 39
Nothing Sacred? ... 12— 37
Off with the Old; On with the New ... 9— 39
Our Own "It's About Time" Department ... 11— 39
Our Show ... 2— 47
Practical Engineering ... 4— 39
Price to Be Paid ... 8— 39
Sadly We Listened ... 1— 25
That Shoemaker's Children ... 6— 39
What Can Johnny Do Well? ... 1— 25
What Is Air Conditioning? ... 10— 41
What's Wrong with "Home and Mother"? ... 7— 39
Whence Come the Words? ... 3— 37
Wishing Won't Make It So ... 7— 39
Why Don't You, He Said ... 5— 39
Condensers
Bypass Method Simplifies Prediction of Spray Coil Performance with Heated Spray Water, William T. Lyons ... 5— 59
Some Further Thoughts upon the Characteristics of Design and Performance of Evaporative Condensers, Francis L. Levy ... 4— 55
CONGRESS, A. EUGENE, Integrated Load Technique for Estimating Annual Energy Use of Central Air Conditioning Plants ... 9— 65
Control of Odor and Irritation due to Cigarette Smoking aboard Aircraft, P. F. Halfpenny and P. S. Starrett ... 3— 39
Cooling Towers
Evaluation of Wet-Bulb Data for Cooling Equipment Design, Loren W. Crow ... 2— 89
Graphical Analysis of a Cross-Flow Cooling Tower, Hideo Uchida ... 5— 51
CRAMER, RICHARD D. and Loren W. Neubauer, Thermal Effects of Floor Construction ... 1— 57
CROW, LOREN W., Evaluation of Wet-Bulb Data for Cooling Equipment Design ... 2— 89

D

Daily Insolation on Surfaces Tilted toward the Equator, Benjamin Y. H. Liu and Richard C. Jordan ... 10— 53
Degradation of Polyester Film by Alcohols when Used as Additives in Refrigeration Systems, Claus J. Bushouse ... 9— 61
Design Factors in Better Laboratory Hood Design (Industrial Ventilation Symposium, ASHRAE 68th Annual Meeting) ... 9— 47
Design of a Water Type Carbon Dioxide Absorption System, I. J. Pflug ... 12— 65
Design of Wet Cell Air Humidifiers, Melvin W. First.. 3— 71
Discussion of Some Strength Characteristics of Ice at the Interface, J. K. Stene and W. E. Fontaine .... 12— 44
